

Dear Doctoral Students,

the higher education institution requested the MAB to conduct an external quality assurance and accreditation procedure. As learning about doctoral students' opinion is a key part of the accreditation process, we provide the following survey to ask for your feedback.

The accreditation process of the Hungarian Accreditation Committee (MAB) for doctoral schools is based on the Standards and Guidelines for Quality Assurance in the European Higher Education Area (ESG). The MAB is responsible for examining the quality assurance system of the doctoral schools to achieve the goals they set for themselves, and to evaluate their activities in this regard.

The questionnaire is anonym; the answers will be visible only to the members of the site-visit team and used for the preparation of the accreditation report.

Thank you for your honest answers and opinions!

MAB - Hungarian Accreditation Committee
